MEMORANDUM FOR

THE DIRECTOR OF CENTRAL INTELLIGENCE

SUBJECT: Letter of Appreciation

On December 9, the Situation Room asked your Agency to prepare page-sized maps of all the cities the President will be visiting on his foreign trip later this month. We also asked that each hotel, airport, meeting and public event site be located.

We received the maps today and they are outstanding. Please express to those responsible my personal appreciation for a job well-done. I know the tremendous effort and time that was involved in this task and the high quality results are greatly appreciated.

Zbigniew Brzezinski

IN REPLY REFER TO

5 October 1977

Mr. John F. Blake  
Acting Deputy Director  
Central Intelligence Agency  
Washington, DC 20505

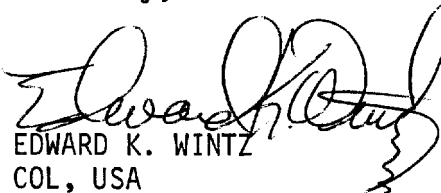

Dear Mr. Blake:

At the close of the Fifth Federal Map and Chart Printing Symposium the Defense Mapping School was selected to host the Sixth Symposium. We plan to conduct all activities in the Heitmann Auditorium here at the Defense Mapping School, Fort Belvoir, Virginia, on October 4, 5 and 6, 1978. You and members of your organization are cordially invited to attend and participate in the program.

The purpose of the Symposium is to provide an opportunity for exchange of knowledge and experiences in the technology and practices of map and chart printing. Participants are invited to present papers dealing with such matters as printing materials and processes, new equipment, automation, research and development projects, etc. We would appreciate your assistance in obtaining technical papers and encouraging active participation by your organization, which will be of direct value to the Federal Mapping and Charting Printing Community.

The Symposium Coordinator has asked that each participating organization designate an individual whom he may contact on such matters as number of participants, number of papers for presentation, scheduling of presentations, briefing aids, etc. Our Coordinator is Mr. John Aranza, Defense Mapping School, Autovon 354-2285; the commercial number is 703-664-2285.

Sincerely,

  
EDWARD K. WINTZ  
COL, USA  
Director

Mr. Andrew McNally, IV  
President  
Rand McNally & Company  
P. O. Box 7600  
Chicago, Illinois 60680

Dear Mr. McNally:

May I express my appreciation for your thoughtful letter of September 14th in which you agreed to credit the CIA in future reprints of our publications. The cooperation between our organizations, which I mentioned in my earlier letter to you, does indeed continue.

My colleagues and I were also favorably impressed with your kind offer to provide material or other assistance in support of our ongoing publications program. We have no specific need for your help at the moment, but may I keep the invitation open?

In regard to your inquiry about new CIA publications, we have initiated work on two atlases (Polar Regions of the World and Soviet Energy) and plan soon to update the 1971 China atlas. As each of these publications is completed, I will be happy to send you a copy. You probably are aware that we have published three atlases in addition to those already reprinted by Rand McNally: USSR Agriculture, Indian Ocean, and the PRC Administrative Atlas. We also have recently published two volumes (Western Hemisphere and Africa) of our Maps of the World's Nations series. (A complimentary copy of each of these publications was sent to Mr. Jon Leverenz of your staff.)

I understand that our cartographers and yours have consulted with each other on a variety of professional interests over many years. From our standpoint, and I hope yours, this has been a worthwhile relationship.

Yours sincerely,

STANSFIELD TURNER

ANDREW McNALLY IV, President

"Our 121st Year"  
September 14, 1977

Mr. Stansfield Turner  
Central Intelligence Agency  
Washington, D. C. 20505

Dear Mr. Turner:

Thank you for your letter of August 20 concerning the CIA Atlases which we acquired through the GPO and subsequently published for the trade. To bring you up to date on the two publications:

1. We produced 15,000 copies (12,000 paperback - 3,000 hardback) of the China Atlas and they are now out of print. We added 8 pp of International Atlas maps. No current plans to reprint.
2. On the Middle East Atlas, we produced 15,000 copies (10,000 paperback - 5,000 hardback) and there are still about 5,000 in inventory. Reprint doubtful. We added \$8,000.00 of creative materials to this publication.

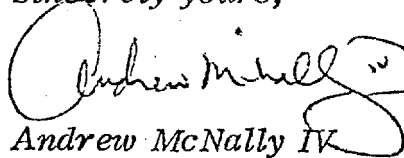

All of us at Rand McNally were pleased and proud to have had the opportunity to present this material to the public and hope that in the future you will make available other CIA materials for publication in the private sector. As you probably noticed, we did credit the U. S. Government in our printings but failed to mention the CIA specifically. In any future publications, be they reprints of the above mentioned products or new publications that have been initially developed by the CIA, we will be happy to credit the CIA for such works.

Are there any new publications which you are currently working on that we should be aware of and, if so, is there any help or material that we could provide which would enhance your publication?

*Mr. Stansfield Turner*  
*September 14, 1977*  
*Page Two.*

*Thank you for bringing this matter to my attention. I believe  
that there will be no problem in crediting the CIA in future  
Rand McNally activities to your satisfaction.*

*Sincerely yours,*

  
*Andrew McNally IV*
